Dear Randolph

Thanks for yours of 10 July. I didn't hear from Magnus but maybe he'll write some time. Thanks for his address. The more you mention about Lang the more mysterious it becomes. I'll be interested to hear your views as to why you think he was so responsible for things. As soon as I know that I'll be in London I'll be in touch and hope that we can meet.

Yours

Dear Randolph

Do you know anything about Professor Peter Alexander, who is writing a bio of Alan P? He wants to chat to me. I've never heard from Magnus, so assume that project folded?

Sorry not to have been in touch. The new baby has stretched us to the limit and work has been heavy. But I still look forward to that lunch one day. Hope you and yours are well.

Yrs

Dear Randolph

I hope you are safely back from RSA, and that it was a good visit. Would love to hear about it. Perhaps next time I'm in London. Did you see Eddie and others? How are they? Winnie Mandella for Minister of Justice....?

Do you think that draft chapter I sent you? I'd value your reactions
