

PC86/9/1/3/2

6 August 1988

Dear Mr DuToit

I was interested to receive your letter of 11 July 1988, having heard some while ago of enquiries you were making about NCL/ARM.

Nearer the time of your visit perhaps you would send me an outline of the work you have in mind. I can then decide whether or not we should get together.

Yours sincerely

Randolph Vigne
