Dear Mr. Lindfors,

Thank you for your letter of the 13th June.

I think we received the manuscript of Chukwuemeka Ike's TOADS FOR SUMMER in the spring of 1964 - about a year before publication.

We are very much hoping to have another book by this author and, indeed, we should be delighted to publish other works by Nigerian or Biafran authors, or both, should they come our way and, in our opinion, be worth publishing.

Should you be in a position to channel any such authors our way, we should be very pleased.

Yours sincerely,

Marjorie Villiers.
