Dear Bernth,

Thank you for your letter of April 17, 1989.

I returned from Switzerland where I spent four weeks with two other Nigerian Women Writers. We were invited together with Nigerian cultural groups by Federlos Circus Theatre. It was a most memorable experience. We read from our works in ten Swiss cities.

Here are two photographs the black and white is by Valerie Wilmer (see back) the other one was taken in U.S.A some years ago. I don't know the photographer.

I hope all is well with you.

Many Nigerian intellectuals are leaving the country in droves due to the high cost of living. I am thinking of going to the University of Maiduguri for one academic year as a visiting professor. If it works, I am prepared to leave the business of printing and publishing for just one year.

All the best. My daughter still remember our brief stay with you in 1984.

Yours Sincerely

Dear Bernth Lindfors,

I received with dismay the death in an air crash of Robert Wren.

Please accept my sympathy and convey same to Robert's family.

I did receive your letter from Paris and sent the photographs requested.

A Nigerian Librarian attached to one of the Universities in the U.S. is arranging for me to visit the U.S. in March and April 1990. I would very much like to visit again if the arrangements succeed. Will there be a possibility of coming to your University or any other you know to lecture or something?

Prof J. P. Clark recently returned from Lincoln University where he spent three and a half months and was paid rather handsomely.

Kind regards to you and your family.
