Dear Mr. Laing,

I am editing a volume of the Dictionary of Literary Biography on Twentieth-Century Caribbean and Black African Writers that will include an essay on you and your work by Dr. M.E. Kropp Dakubu. DLB volumes are handsomely illustrated with photographs, reproductions of book jackets, and photocopies of manuscript pages. I have copies of all your book jackets, but I have only one photo (supplied by Heinemann) and no samples of manuscripts. Could you please send me a few photos and photocopies of one or two manuscript pages? The photos will be returned to you when the publisher has made copies.

Thank you for considering this request.

Sincerely yours,

Bernth Lindfors
