Dear Bernth,
Are the last numbers in this address telephone numbers?

Thanks for your letter which I didn't answer immediately. I was in the middle of politics, hence the delay.

I have no idea what kind of photos you got from my German publishers, but I don't know whether these will be suitable either, in the first place because I have never had the opportunity of viewing Mailluish things outside myself. I included the one in which I am playing the guitar because I do, indeed, play the guitar and compose songs. As you know too well, I am a painter, but then how do I present myself as a painter? I am a plant collector and planter. How do I express that? I am a palmist, a graphologist, and a mind reader and - lately a politician - with no photos to express them!

Salaam kytoka kwa Hannelore na Binti (Miss) Maillu, Our best regards to your family, your wife in particular with whom we have eaten at Koola.

Best wishes,

DAVID G MAILLU
