Dear dear Dor,

Herewith my will amended  
as you can see - I just felt awful  
that Sakhon & Sha would think I had  
forsaken Suts - there's so little for  
them - but maybe they won't need  
even this. Their future will be tough  
but closer to justice & freedom  
surely.

Suts will be home on the 30/10 or 1/11  
pending confirmation - Will be at  
Kosa's.

John is back & is in great spirits.

Our country is a joy - Sha says

Botha's gang is in shit & will

pull the chain on that nasty thing.

Hassan is great on Fatm. hey.

Congratulate him - Treatment will be

I should be able to see Sama -

If Sam held up may come to UK.

Mervel wants to know when you'll

be in the UK - which hospital - details

Phone him urgently. I'll try to phone

before I leave - Take good care

of Ma.

Love to kids - Happy Nana!

Ray.
