My dear Priscilla,

I want you to know how deeply I was & am affected by your dismissal from school. In no other country in the world would such action prevail, and you my dear have paid a heavy price.

I am sure some action will be taken to reinstate you - if it succeeds - good luck - If it does not (& it might not) I suggest you get to know the Syllabus of the Matriculation Board & prepare yourself for that Exam.

I am a house-arrested mother with my husband at Robben Island - but I promise to help you in any possible way that you may choose.

Please let me know how I can be of use to you, it shall be my great privilege to do so.

I wish you great strength & Good bye - & sincere good wishes to your parents.

Yours sincerely,

Phyllis Kaidoo
