Dear Mrs Nardoo,

Although I've not written to you recently, I have frequently thought of you & your family. I think your husband has ~~been~~ returned to you by now, so I wish you all every happiness.

I hope 1973 will be a good & happy year for you, and for ~~the~~ all people living under the unjust & tyrannical systems in the world today.

Please write sometime & tell me how you are.

With all good wishes,
Greetings,
Karel.
