

16 Alledby Drive
Retreat.

7-11-72

Dear Mrs Naidoo.

My son Bernard wishes to come and spend a holiday in Durban, but am looking for accommodation.

Could you possibly put him up? If you can, will you kindly let me know as to what I have to pay you for his board and lodging.

He can only get a booking for the 15th of December and will come back home a few days before school starts.

I would also like you to keep a motherly hand on him while he is with you. Kindly let me know whether this is an order, at your earliest convenience.

Yours faithfully,
Mrs M. Caswell.

Dear Phil

Once again I am taking this opportunity of writing you a short message.

I hope that you are in the best of health as it leaves us all at 16 Allenby Drive. First of all allow me to thank you for having Bernie with you. I hope that he is not giving you any trouble!

Eugene and Neil did very well at school and gained 83.9% and 79.3% respectively. I am rather worried about Keith and Bernie's results. In fact I have been praying night and day that it be good as Boytype can some times be very funny, and as a mother I always have to bear the brunt of the children's failures. I spoke quite seriously to Keith as he was going to take an apprenticeship but of course if he fails then that is out of the question. He assured me that if he can go to school in Natal then he will continue his studies to Matric or even further. Without his daddy's sanction I cannot do anything and at this stage cannot even discuss it with him.

It is rather nerve wrecking waiting for the results. Anyhow other people's worries are much worse than mine.

Dear Phil I would like to know more about your children whereabouts and how they are keeping. How is your mum and dad? Also give me more news about your family and the dear friends we made in Durban. Love to you and the children will write more soon
Gretta
