My dear Cecilia, Last week I heard from my sister, & I immediately wrote to her asking her to get in touch with you for I had a feeling you were in Zambia. When I heard you went across to Botswana - I was cold thinking of that heavy leg of yours that helped you get across - I knew Judson was near you - & I was happy that that the 2 people I love were close together.

K. returned on Sunday & only gave me your letter today. What joy. Thank goodness you're safe with Andrew & the kids in school. I was still enquiring about you in Jhb. & from Helen & you know her attitude to people who skip the country - she prefers deaths in detention - poor dear - I love her - but her principles are so inflexible - but she's a great lady - she won't write to me now. Please take care of my sister & especially her kids - I have not seen them yet.

Sisy I've sent stuff to Jan - ask Sinter
to get in touch with Eli, if she
wants to use any of it.

Do I like it here - NO. I hate it.
Perhaps I am disappointed with our
friends here - all are busy in business
hotels, bottle store, mountain stores
butchery building construction etc
etc. They have very little time for
the movement - all their energies
are consumed in their businesses
& I see very little else that they
do - even read?

I earn a good salary at K's but
that's all - I spend my time
writing letters & do nothing else.
Oh God, I am sick of this place.
The Lesotho Govt made application
to the S. Afr Govt to let me fly
over S.A. They have replied after
3 months. asking

Details of travel document to be used.
Travel details, date, time of departure
Mode of travel, flight.

Whether I will return to Southern Africa
Settle in the U.K? When does she
plan to return?

Am tempted to go via Jan Smuts
What do you think?

The Steve Biko trial takes most space in S.A. papers. Well a no. of well-known truths to us are coming out. Jos - 12^{traders} in Pretoria killed off Judge Davidson & they come to trial in January.

The Springs trial of our A.C. men is in progress.

The Eastern Cape trial where Milne Ntsoang refused to give evidence - all ex - Robben Is. I sent cutting to Ruthie -

The A.C. trial in Capetown of 2 A.C. people. Of course there are numerous other trials - Shootings detentions. Sadrack is paralysed in detention - My poor Russell

- you remember his furniture went to him detained since July 5th L. Ndzingi too since then - They'll never kill us off - Nonster says today - they'll fight to the last man.

So will we - we want freedom. to free our brothers & sisters in the jails - to give food to the starving millions - we have so much to do -

Will I see you?

Love to Judson
