Dear Brothers & Sisters,

Thank you very much for the letter I received during the bad moments in my life - death of my husband. Your letter gave me courage and strength to continue from where my husband left.

STRUGGLE CONTINUES
DON'T STOP NOW.

Love,

Ntschie Biko (Ms)

Dear Mrs Biko.

Your less painful thought
it maybe - is ours too - You are
not alone in your sorrow - we feel
with you, for you & the family.

But as you say Steve's death &
so many others will not stop
our efforts in gaining freedom
in fact we are spurred to greater
effort.

We wish you & the family
strength, great strength.

If there is any thing we can do
to help the family here in Lesotho
we shall be happy to do so.
Courage & strength to all of you

from.
