My dear Ma, Ben & Les, Mary Ann & Kunyie Selan,

How are you & how is my lovely family -
What is this violet playing tennis
at your age - hey? Dad must be
turning in his grave.

Dad tells me it has been very cold down
the river & it is freezing down here.
Any weather you have there x 3.

Hey - to think my father moved to
the coast from Port because I was
so cold there.

Kata is probably down there. So
I can tell you the old man will

be with you - feed him well -
Have you heard from the children?

No news is not good news -

She says he had a slight attack -

My chest played tricks to keep him
company. But it's so cold here I should
be ok.

How are Aha & Uncle Abe - I had
planned to spend some time with
them after the trial - Give them my love

I wish them both good health &
you too. Keep very well & strong

For now
Love & kisses
