

19/6/78

My dear Hanna & Loni

Your letter of the 25/4 reached me last week + the J. news - Thank you so much - I was beginning to despair of hearing from you two. Did you loose the lovely songs you taped here at Navabi - Is it safe? I hope so. Do you want me to send you cuttings to help you.

We had some Danish Medical Students here. They were very good. They saw much of S.A. I do hope they were able to see what they wanted to.

Overleaf is Ebrahim (my son) who has been at Rabben Is for 15 yrs. He will be home on the 28/2/79. He went into jail when he was 21.

Isn't he beautiful - You'll love him when you see him.

So write - with much love
Papa.
