Monday 16/1/78.

My dear Mags,

5.15pm.

The joy of your telegram  
& your letter 7<sup>th</sup> must needs be attended  
to.

1. I do hope your rent has been paid.

The telegram received on the 10<sup>th</sup> -  
Service for you! Letter dated 7<sup>th</sup> yours  
Violet's letter dated 11<sup>th</sup> from London  
arrived here today. You have some  
idea of our efficiency - double  
censorship.

2. Juds address is 40 Box 299, Mangin.

3. So much of my knowledge of you  
has come apart at the seams.

You menstruating? I did not  
know you were that kind a guy!  
As you know my friends are in  
many walks of life, lesbians  
homo - etc - how did I miss  
that of you. 3 children too.  
Mind you the late P.R. Singh had  
4 daughters -

Seriously I think you should do  
something about it - all that  
infection cannot do you any  
good - please attend to it  
urgently.

When is Sunny due home?
