Dear Phyllis,

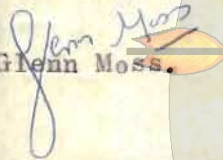

Thanks for your note of 23rd August, and the enclosed subscription to W.I.P. Sorry if it caught you unawares, but a mutual friend of ours asked me to send copies to you, and I presumed she had done so at your request.

The provision of back copies is slightly problematic, as they have to be photocopied, and this will take a little time. However, as soon as possible they will be sent to you.

I have written to SAIRA about your non-receipt of material, including the 1978 annual survey, which has been out for some time. Hopefully this will clear up whatever blockage exists at present.

Glad to hear that you are recovering.

Sincerely yours,

  
Glenn Moss.
