My dear Bafana,

As you can see I am
back here - without a job & a home.
I am hoping to be employed at the
Law Office here - If not will set up an
office of my own.

I want to thank you Algan & others for all
your kindness to me - while with you for so
short a time. Give my ~~love~~ address - I left
some things at the ~~flat~~ ~~Chwed~~ - for him
did he get them?

See Dan that I posted his application - &
give him my love to.

My daughter is at Watford & refuses
to leave - so I had to come back
& get a job & support her here.

Perhaps I shall see you soon -
At least I hope so.

Give Beka my good wishes &
thank him for his kindness to me.
