I hope you are fine  
do you still within as before? I am  
do you still fighting so much. You must  
exchange news with the (enemy)  
should I write to my enemies? I  
surprised if Christina's mother comes  
to my court. I have just written  
to her the other day.  
I found a "white" letter and  
for a while on the phone and when  
a postcard she had written on the phone  
and when I unfolded it only wrote  
nothing.

Set in a quiet voice and of my back  
at school. My school is  
an English school, but do the  
main language, which is Sotho.

Will be there in December
