Dear Aunty Phyllie

Just a short note to say Hi! Everybody is well at home. We also received the letter which you posted to us. This other letter is to Surya. The address is not very clear so if you would please post it for me. And when you write again send me the address so it will save you the stamps.

I hope you are keeping well. We hope to visit you during the July Holidays which is just around the bend. It's time to go now but I will write in as soon as possible

Love

Ashika
