Dear Phyllis

I was pleased to hear from you.

I am sorry to hear the news about your heart as it sounds as if you ~~be~~ have been having an awful time with it. Hopefully the treatment here will help it along.

I am in East London visiting South Africa in October. I have thought long and hard about this. I do realise that most of the life of the majority of the people I won't see. I do find this a troubling thought. Friends there have been nagging me to visit for seven years. ~~Yes~~ and I have at least agreed. I had hoped that I might be able to visit you but I didn't know if this was possible or convenient.
