Dear George,

re: MONROE'S BIRTHDAY PARTY:

What I have to say is not determined by the length of this sheet. In fact I think this lot was ordered when it was felt by the powers that be, that this size would fulfil requirements for all in Lesotho. That is because in this rural area no short stories exist. Only long tales.

But as I say, mine is an extremely short one. I wish to record my very sincere appreciation for Friday night. It was truly fabulous.

To allow Monroes crummy friends the use of your lovely home, oh yes Sams too was very magnanimous of you. To provide the booze too (Will you let me help you towards the cost of same) I am bereft for words. As for the crockery, cutlery etc it was superb.

I am sorry that we did not help with the cleaning after the party. But you did tell me that you would have help. I am enclosing a R5.00 to help in this area.

I am missing a glass dish which belongs to my house I hope it is there.

Thank you again.
