Dear Phyllis:

Thank you for sending me your book. The account is chilling -- and important to have documented. You did a great job.

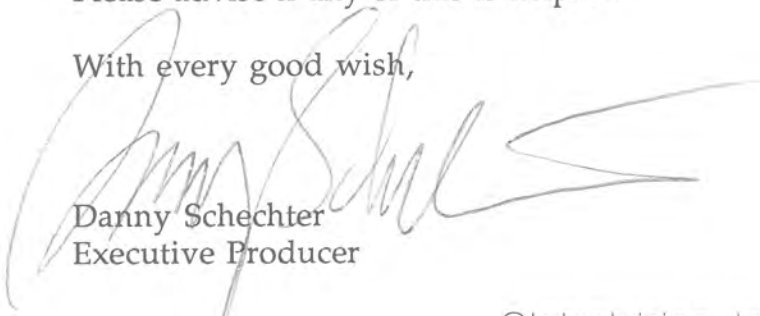

As for Chris's visit in the US, I think the CP USA are the people to write to. I could pass your letter on to them. Better yet, I will call a friend and see if he can find the right person. There was a big split in the party and I don't really know who's who -- even though their headquarters is across the street from my own apartment.

On the question of US immigration: the decision to permit communists to enter the US was always a political matter tied to the cold war. As that conflict softened, so did our policies, especially in the Gorbachev era.

Our company GLOBALVISION, which produced the South Africa Now series, did interview Chris on his visit here. We have a video tape and I will try to get an audio tape of that made for you. I also interviewed Chris in South Africa for a video on BISHO that the ANC produced. The ANC video unit would have the tape of the full interview. Only a small selection was used. We also video taped parts of a memorial service to Chris in NY which included speeches by the Mayor of NY and many anti-apartheid activists and a former MK comrade of Chris Hani's -- who is now at the ANC office in NY.

Please advise if any of this is helpful.

With every good wish,

Danny Schechter
