My dear Phyll,

I am sitting in Yunus' office trying to sort out pressing matters. His detention has just been converted to S.B. Effectively there is no difference. He was not allowed visitors. He was not allowed to sign his fidelity test. appli- & you know what that entails.

Gift had 12 to 15,000 at Newtown while she had 800 to see the stadium opened. At Madhub's funeral a speaker said - one day there'll be sold on the flag. What a change over these few years.

We have been hard pressed for funds - that's been so for some time. I started a centre to you sometime ago. She got down to completing it soon. I tried to contact Sirthe via Chris in London - while she was in the Esh. No communication from her as yet.

See you soon.
Ivaner heoy is a very close pal of one of my friends. He wanted to say hello to you. Bless Sukhthi. Love you, Deva. 11.12.81. (any news of Jan? I still see his tense face in our thoughts.)
