NTATE,

With this mornings post arrived these letters from INDIA, from two people who spent time in Lesotho. Mr Monroe Gilmour was employed at CARE, Lesotho. Mess Fern Martin was a teacher employed in Ha Ntsi & came here with the MCC programme. They married in Ha Ntsi before they left Lesotho.

I want to share with you at this time of Lesotho's violation of both country & its nationals the love and concern of so many people.

May 1983 bring the freedom of my country & yours closer. No in fact it will.

Sincerely
