

25/7/1982

Dear Phyllis!

Thank you very much for your aerogramme. It is a very good news that you come to Germany. I have told it Jürgen already. My telephone number here in Mainz:

06131/614421. I hope that I will be able to come to Bonn to see you.

I have been working for three weeks now and the most difficult thing is the lack of free time. The work itself is interesting - until now I have been working at a study about renewable energies in Gomalia.

I wish you all the best for your health and that the medical treatment will be a success so that you can leave the hospital soon.

Much love and many greetings to the Jacksons (if they are in London).

I hope we will see in Bonn
Georg.
