Dear Phyllis,

it was great to have the opportunity to talk to you  
e exchange views + experiences. I hope your trip to Nellie  
wusten went well!

Enclosed the literature I promised - the various writings  
of Bobby Sands as well as a booklet on the use of  
plastic bullets in Northern Ireland to kill children. Since  
the pamphlet was printed another 11 year old child,  
Steven McLarony has been killed in Derry by plastic  
bullets. Yesterday an unnamed Republican a few months  
out of long Kesh, was shot dead in Derry by a soldier.  
For the state, life is cheap.

If you ever have an opportunity to come to Ireland  
or would like to pay a visit, I'd deem it a privilege  
to play 'host'.

Yours for freedom everywhere
