My dear Kele,

Yesterday Mahlape delivered your wedding card at work.
What a surprise?

I have a picture of you sitting on your father's shoulder's
in Umlazi on an easy chair with Sputnik (Sechaba) trying
to cust you out - Yes a very long time ago!! Yes you guys
age us so!

This is to wish you well and to tell you that I find
weddings like the one you are having (judging from the
wedding card) ~~is~~ ominously overbearing - So you will
pardon my not attending.

The cheque (R20.00) is for a little something you may
need for your home.

All my love.

PHYLLIS
