

Kabete/Nairobi,  
31/11/1981

My dear Phyllis

Thank you for your hospitality and friendship shown me before I left Masaru. I hope you are feeling better now - did you ever manage to get a rest??

I enjoyed the visit to John Mwan School that day, with Mr & Mrs Jubb. The headmaster made me feel very welcome and I look forward to returning there in January.

While in Botswana I met some very friendly people when enquiring after our friend. Actually I was in luck & discovered that they were expecting him during the next week.

I left a note, telling of your feed wishes. If you should wish to write you could do so via

Mrs Jane Wilson  
P. O. Box 10064  
Gaborone

(Although Jane & her husband are planning to return to England at the end of January.)

When I returned to Masaru I passed on your message about a Christmas visit & said it would

probably be both you & your daughter?? Hope this is correct

Stu Theresia was very pleased at his prospect & I hope you do go there and enjoy that lovely place for a few days - away from all those stresses & problems people bring to you.

I look forward to meeting you next year. Greetings to you both  
Hilda Raven
