My dear Magam, Your letter was fantastic -
Thank you. You'll have to get Sude to relate
her Beni's story - I can see her as I write
talking with every part of her anatomy.
I know her even before I met Choc. We
started off gingerly - I came home to find
her cooking in my flat - how's that for a
starter - & our friendship has grown with
the years. Beni is a treasure house of
lovely memories - including snail's pace
baking at Dawn & going into my bedroom
to find her asleep with the heater on &
my black jersey being over it.
You won't believe one who walked in &
greeted me with kisses & a hug, & a hug &
another. Do you remember Jamilla? Affidavit?
Ja - it was just like being at home.
Look **UKZN Gandhi Luthuli Documentation Centre** your private & confidential
- you are extremely reticent & my friend
no sooner is he here is extremely verbose on
that subject matter - So 1+1=2. He's welcome
why he comes here is beyond me - perhaps to
show you cats he can manage 2 at a
time - & that how it's been. Perhaps when
the passport is no more, I shall ^{see} the last
of him.

The Sowmet ad is still in our news-
print. How is Jac. he has not written or
phoned. Tell him there's a lovely bird
here that he should import to S.A as

Secretary. - This a hard worker, but loves
 rings a jewellery costing thousands - & there
 are huge amounts who fall for that shit
 Peter the driver of B.A.D. says there is no
 woman he can marry in Swazi - as they
 are all drunks & have slept with dozens.
 I thought that was far-fetched but I met a
 Swazi attorney who said the very same
 thing.

I want duplicate books like this. Send
 me a dozen.

I had a letter from Mwensoe & he says he
 drop to meet you shops - perhaps we should
 all meet here - had to correct him.

Now the course is repeat, your family
 must be shut up in their pants.

Did they contribute to the wife's debacle.

One lunch tomato with an info woman in

the P.D. rejected day was shit - It's a

whole body concept

Had a whole body concept

telling me about his love life & the

woman Mwensoe's wife -

Oh Mwensoe the lighting shows are not

funny - no lights, water, telephone - No

films - too dark for girls to stalk

the street for prey -

Last page - will write

- do write

love Puy!
