

The New Republic Bank Limited
Registered General Bank.

In a world where so much is impersonal there is a bank which is committed to offering a very personal service.

Making your money grow, securing your investments, lending to assist your personal and business growth is the very heart of our business.

But at The New Republic Bank we offer you, in addition to the best interest rates, a level of personal service which cannot be beaten. Our staff is dedicated to understanding your needs and aspirations, to finding your most profitable financial package.

Talk to one of our expert financial advisors about your Savings, Investments, HP and Leasing, Revolving Credit or other Financial Services. And find out how The New Republic Bank will get you ahead.

Savings and Investments

Investing and saving with The New Republic Bank is convenient and you can be confident that your money is secure, is attracting a high interest rate and that you're dealing with people who really care.

Savings Accounts —

A minimum balance of R50 is required, your money is available instantly and you benefit from interest rate increases.

Special Savings —

With a minimum balance of R200 your money attracts a significantly higher rate of interest and you still have very easy access to your savings.

Fixed Deposit —

You tell us how much you want to invest, for how long, and we'll guarantee your interest rate, providing a secure, high return investment.

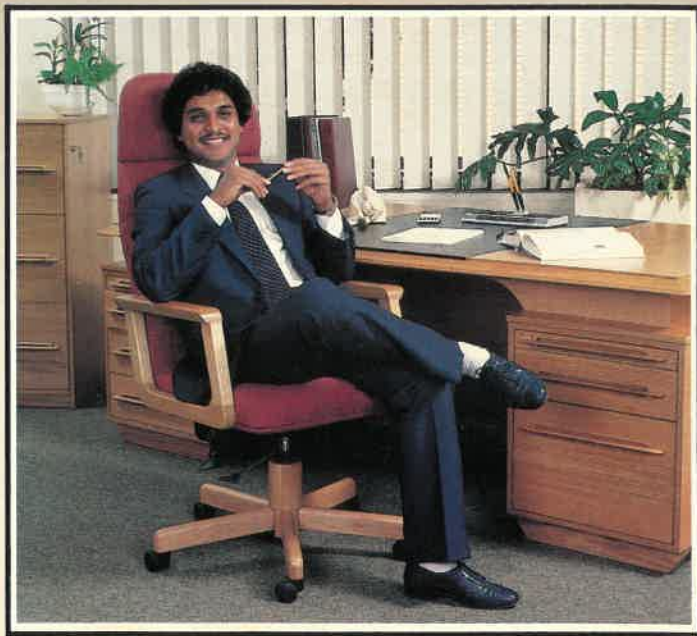

Notice Deposit —

Place your money on notice from one day to six months and we will, once again, guarantee your interest rate and you can depend on us to obtain the best possible return on your money. Talk to one of our financial advisors who will tailor a plan to get you ahead.

We're ahead

The New Republic Bank Limited
Registered General Bank.

Instalment Sale and Leasing

At The New Republic Bank we have a highly professional team ready to put together the best possible instalment sale and leasing packages.

It is important that you talk to us before you sign with your supplier, be it for household appliances, motor vehicles or massive industrial machinery, because we give you the cash to negotiate a hefty discount and, as you are dealing directly with the bank that finances you, your rate of interest will probably be lower too.

We are committed to getting you the best possible deal. So, if you are thinking of buying on instalment sale or leasing, talk to The New Republic Bank first. It will be your biggest step ahead.

Revolving Credit

When your budget is stretched, or when you need extra cash, right now, to buy what you really want, (or for that special overseas trip), we have a special service for you.

With our Revolving Credit scheme we can advance you **THREE TIMES** your monthly salary and you can pay it back over 36 months. And after the first six months we can re-advance the capital you have repaid, subject to the re-advance being not less than R1 000,00.

So, if you are permanently employed come in and talk Revolving Credit with one of our financial advisors. He'll find the best way to get you ahead.
