

My dear Reg, Krist, Ben Des, Ron, Eileen, Pats
Jay, A.J., Jean, Deva, Urs & mother, dear Ma.

Well arrangements are made for
my medical treatment - I am
looking forward to this historic trip
with both apprehension & delight
I shall leave here on Saturday - &
all things being well, should
return in January - I'll probably
see Sinthas old flat - I'm to have
treatment for my ear, the wounds that
break open from time to time, kidneys
womb, teeth & eyes - I'll be a
new penny at 52, if & when I return.
I'm sorry Ben & Reg - not to be here
perhaps will see each other at Easter.
Snt's comes to Rosa on the 8/12 & return
here on the 19/1 - flyip from Bloom -
Rhonda will put her on the plane -
Mouise is away for 2 months from 7/12
Ro. Stadye & Rhonda (224 27) will
have news of myself & Snt's
whenever you need it. Writing to you
all will not be possible - so you'll
hear from me when I am able to do
so.

Take care of Atka for Dadi's sake - he
would not have let happen to his
sister, what for - if he were around

06
For different reasons none of you⁰⁶
will be able to take care of her - I
am sorry about this - for I think it
is the worst cruelty for a human being
to be removed from family & friends
& she after 80 odd yrs of family.
Take down as much detail of family
Batha & lastys - births of her brothers &
sisters & especially my father if
one can remember.

Take care of Mum - your lives are
only meaningful if they have meaning
to others - Mum has given us - all of
us her best - I mean that - what
she has not given was not hers
to give - perhaps her upbringing her
environment - whatever - With Ben
leaving she'll need more support
Do whatever you can - a telephone
call of that all you can -

Then take care of each other -
quarrel if you must - & that's
good at times - but remember
your enemy is Batha & his hooligans
so don't dissipate your energies.
Keep strong - see that Sule writes
to her brothers c/o a London
address (her pas)

With all my love - a happy New Year
to you all

Phyl.
