My dear Helred & Si Julian,

Here I am
in this very lush country, with
tree covered hills and rolling
grass plains, having been sent
off from Masem in a shower
of rose petals & my last
sight of John in Masem.
It was painful indeed parting-
with all of you - but hopefully
not for long - for I am sure
that we shall be in S.A. sooner
than we imagine possible. With
justice on our side we cannot
lose.

The fog lies thick & overcast in
the morning but clears about 10a.
There is much activity here, certainly
a lot more confidence, a more
employment - The children, boys &
girls are at school. I've not
seen many poor people - ill-
children - but maybe that's due
to the fact that I'm only 4 days
here.

I do hope your ankle mends soon
Sister & that you'll be well. Take care
of Ruth - she is very dear to me -
John & Michael too. Love Phyllis
Regards to Fr. David.
