My dear Lynette, Dicky, Gavin & Kathy, you probably heard from Basil that I am here - this confirms same. Thank you Lyn for the glasses they fit beautifully - much too grand for the likes of me, but much appreciated.

I'm living in a hut, surrounded by the green of Burman bush in Dubea Gwe Kasinama & my address, in the unlikely event they wish to write to me, ask them to give Sugie my address & to wish her well for the exams. Gavin too should be writing soon. Good wishes for his success.

Well if I am allowed to stay you will be welcome if ever you come here.

The holiday lun is here Kathy & we could break the bank if you come.

Love & miss you all

Phyll.
