My dear Salveir & Bonce,

Just a short note to tell you that I am here having arrived on the 5/11. It is certainly a change from Lesotho - but in 15 months - I had made so many friends that parting was painful.

I had so many friends to see me off - & they covered the plane with rose petals - The pilot said in all his years there he had had nothing like it.

I'm awaiting a residence permit which will allow me to find employment - & that cannot be too soon. I've not seen Indson but will do soon.

How are the children? James? Birth days.

Will you ask Deb & Chris if James are ever to drop me a note.

If you're here & I'm allowed to stay you will come & stay with me.

All my love

Rupia
