Durban.

Dear Sir,

I received your  
questionnaire on your research  
project for employment possibilities  
for Indian graduates in the  
Republic of South Africa.

Since the above  
questionnaire was sent to me  
as well, I have duly

completed them and am forwarding them with this letter.

Though the completed questionnaire was supposed to have been returned by 30-9-1974, I regret to state that it only reached me three days ago due to change of residence.

Nevertheless, I hope these informations would help you in your project.

Thanking you,

Yours sincerely  
Sugandha  
Mangar. .
