My Dear Jay & Vassie,

I want to place on record our (Mrs, Saldhan, Sarah, Suthu and mine) very deep appreciation of this matter of a loan. The magnitude of the gesture is beyond description.

But for your help Mr would never have had the chance of getting to know his daughter - this would have been an irreparable loss to both. I know personally this brief period that Mr has been with us has been very important to his family. I trust you understand me.

Please accept our grateful thanks and find enclosed my cheque.

Our love & best wishes to you.

M.D. & Myrtle.

My dear Jay & Nas.

You are arriving in Cape town. I do hope the journey was without event, but rather pleasurable.

We are having extremely hot weather and as for shopping - forget it - It's a mad rush - I refuse to go to town I ask Jethro & Lpd to do it when they go delivering.

Deel MD.

1. I have failed. Do I go on - or give it up? 11 credits & 3 to go. Natal Un. is thinking about letting me write Un. of S.A. exams & have them credited - Or else I go to Un. of S.A. to do 11 courses.
2. As regards Deva's offer to work for him - I refused immediately - but I wanted MD to know that he had made the offer.
3. Sukhthi is very ill. I've been up with her & she's with me - we're waiting for the surgery to open before we go over. Bhasha & Sahdvan fighting like cats & dogs - no servant again - I'm going crazy.
4. The Xmas (from MD) cards are lovely - they must have cost a fantastic price! I've had one, Nas & Dade, Tulani & Rosa where are the other 2 gone to. Also I'm not sure how many cards I send MD - I think too - my apologies.

5. Dade is fine - slight swelling - needs rest - no pain. Ma is fine - for 1st time is loading it over the old man & enjoying it. Benny waiting for results. None for AT yet.

6. MD has a mini van - paid £200.00 for it. Rex was to have paid £250.00 deposit on a 1962 Mini Spw priced at £575.00. I was to pay instalments of £16.00 & after 2 yrs pay him off - Now I have one for less than deposit & even in a better condition - may fix it up & sell it. Rennie & Deva have OKed it - I will pay Rex after 2 yrs. Not bad. Will be useful if I get a business - MN Pather is contemplating this - he asks to ask MD to let us leave the country - he cannot stand the victimisation meted to me - I CAN stand it & more.

7. Yesterday I had 53 cards - in fed-up now - No joke this. reply - not only the cost but the time. Children are a go with their mini -

Your permit for 4th is enclosed.

Tell AT he can visit Ebrahimidun - Must make application himself if he wishes.

Have a swell time both of you

You deserve it -

Love
Bylis
