My dear Phyllis,

Just a brief note to wish you a happy Christmas
and better and brighter New Year, despite everything.

Is there any possibility to send you some interesting
literature from the Anti-A.M. News ? Or would it
be "difficult" for you? But you would love to read
some of the articles. It might be possible for me to
get an address in Botswana to forward it to you, would
that be better ?

Much love and all good wishes to you and to the
children. And your husband! May God bring you all
together again is my prayer, by His Grace!

My friend Eloisa in Peru has been subjected to over
100 tremblements de terre, I mean earthquakes, but
she has been preserved, though two buildings in their
block crumbled in ruins !

God bless you - did you get my letter re my son? He
has a good girl friend now who is going to help him
with an interesting project re holiday camps in Engl.
(Pleasee God!) Unfortunately his father discouraged
him and even now his influence seems to affect him and
he needs a woman strong enough to overcome it.

Kisses from Remy & Edith
