

to maintain the pressure  
but on the outside, it's  
a blank. With pressure  
from inside and out  
Vorster will have  
to bend.

I might be  
motivated by self-interests  
but I think my argument  
makes sense. Why not  
give it a try? Besides  
if I can recall you  
haven't travelled outside  
S. Africa yet. Come out  
and see the World then  
you just might decide  
on staying. Promise you  
give it some thought. 15  
years is a long time  
love

Best wishes to all
