in India for a number of years. The G.B. Fund provides play-groups for children in the orphanages. Orphanages are a new thing in V.N. as before the war orphans were looked after by relatives, but now there are too many of them & they just lie in a cot all day. There are now about a dozen Vietnamese girls trained & the Government is showing interest in the idea of pre-school play groups so that children can stay with their working mother. I am always very impressed with people who are willing to go out to strange places in order to help.

Do be careful not to over do things. This flue seems to hang around for quite a while.

Salani Kahle, Love

Susan
