

My Dear "Phil":

9/4/74

How are you, your
respected staff, our two
respected friends on the 6th
floor, and your children,
Phyllis. It's very cold here
and the snow ground is
jull every day, and I'm
having a rough time
with my foot and my
Function Dept' is very
busy, and it's agony for me
after we finish off. It's my
fault; I didn't listen to
our "Devil" Hows Baby.
God Bless you all.

yours always,
Jimmy
