Mrs. Naidoo/S.M./

23rd January 1975

My dear Gretha, Boetjie, Keith, Bernie, Enge & Neil,

Thank you for your lovely letter which reached me last night. I was so anxious as to whether everything was alright with you.

Zac said very little, so I was worried. His wife has not phoned to thank me or has she said anything. But I'm glad that all is well.

Letter writing seems to be a problem to you, but tell my two little boys they are welcome in July or December till the 31st when I'll have my children with me. I expect excellent reports from them this year, and shall be happy to see their school reports.

All my love,
