Dear Phyl,

Thank you for your letter of the 6th instant. If you must know I'am very fat and pretty. I dont see Zohra and as for Sivi I feel sorry for her.

Popsy is keeping well and baby is nice and fat. Baby was born on Popsy's mother's birthday, 18 October 1980. The baby's name is Jenine. I also phoned Archie and he promised to write to you soon.

Viyella comes to the office almost twice or thrice a week. She went with her daughter to R.I. and I understand that her husband is very fat.

Whenever you write to Judson give my love to him. Louis is out now, and keeping well. I went to Mr Moodliar to tell him the message he laughed. Please find cheque enclosed, from him. Biyella and Phewa are all well and missing you. They want to know when are you coming back.

I thank you very much for the Photo you sent me. I would have been thrilled if you had sent me your photo as well. Enclosed find my photo and this is exactly how I look now. Please dont get shocked and sick when you see my built and look but I am still active .

I conclude my letter with all my love to you.

Love from all the people you know and the one's you dont know.

Love,
Ritta
