WEST GERMANY.
THE YEAR of THE FC.

Comrade Phyllis

Thanks for your latest letter comrade. Well, at the moment I have written to Pinkie, & Junkie, Joe, and Elsie to find out about the parcels you have sent to them. At first I tried to phone Cde "Sibero" but he was not in. But I hope they have received your parcels.

About the Summer School papers I think Comrade Mike ~~left with~~ have them or may be if he left them behind we can send them but it will be through Maputo.

Well, it was really fantastic at Summer School, the spirit was high and it was really encouraging.

At the moment here we are having Winter, and winter here it is terrible.

As concerns the books you asked like of Rosa Luxemburg, Diary from the gallows or ~~that~~ the Patriotic War, they are here but are written in German. So we have still to check for them for English.

How are things down there? Comrade Masala told us that things are hot down there, and that there is a lot of work, it really encourages us. The Struggle continues.

Otherwise things are not that smooth this side but we try our level best to contain ~~any~~ every difficulty we face.

P.T.O.

Well, the course which I'm taking is Building Technician.
So, I will be completing next year.

Otherwise Uncle George, Misi and other Comrades are alright.
Mosala arrived well with that "Ach so" of his.

Forward to a Peoples Government!!

Please pass our regards to all Comrades. Tell Father to come
with the latest news.

AMANDA!

SHABO.
