Dear Miss Naidoo

Sr Margaret has passed on to me your letter of 2 Oct. with your cheque for R20-00. I gather from her that she has already given you some idea of the work which goes on here. I am very grateful to receive your generous donation as we have tried for the past four months to run 3 special buses each evening at a very reduced busfare so as to help the students to reach their homes in safety. In order to do this we had to find over R3000-00 ourselves. Your contribution has arrived very opportunely; as our fund has run very low as you can imagine.

Thank you once again

Yours sincerely - Sr Veronica O'Holan
