

Tues, 27th

Dear Phyllis,

Thank you to much for the nice
we were a very nice surprise for us. It's really
wonderful to have a picture of you, you
know how much we had been missing you.
The news about John Jones are very sad.
I am afraid, with the Govt's decision you
lose your closest coworker and a very good
friend. For him it must be very hard to be
expelled for the second time. But the fact
that times become tougher also is a sign that
liberation comes nearer in South Africa.

On the 5th January is your birthday, isn't it?

Therefore we want to send you love and best
wishes to you. Especially we wish you the
courage and the strength to carry on in
your work. We would have liked to celebrate
your birthday with you! Maybe, next
year?? Anyway, Raymond has to resume work

on the 5th, as the second term starts. I have
to do some work throughout this time, but
I also can enjoy some days relaxing and
sleeping in in the morning. I also find time to
work in the garden, which is fun for me and
physical exercise as well! and we go to visit
many people. Three weeks ago, we went to

visit for the first time, to see also one of the
neighbouring countries. We hope to find time
also to visit other West African countries
as long as we are here.

At present we have the amazing experience of
witnessing the harmattan for the first time,
the wind from the desert in the North. If it were
not warm, dry and very dusty, we sometimes
would feel like at home on a foggy November
day. But people say, for years it hasn't been like
this year.

Do you also have a photo for Dike? She would be
very pleased! Keep strong.

Love,

Burhard and Raymond
