Dear Thuyli's,
How are you? I hope that everything is alright. It's been ages since you heard from me. We are still writing to Vielle and her family and were sending her money every month until last autumn. I myself have not been writing because of other work in our group. I have also quite a lot to do with my ordinary work and my family. My sons are now 5 and 2 years old so they need me and my time.

We have now discussed the situation for Zak and his family and we are a bit confused. As a matter of fact we have stopped sending money to her waiting to hear from her. We are really wondering what is happening ~~to~~ for her and the children. So you see, we are confused. Have you heard anything from Vielle or from/about Zak. How is life going on for them. Please, do something to help us to break the silence, if you can??

I have an other thing to discuss with you
I have a friend who is going to pay a visit to South Africa this summer. She is leaving

Sweden on the first of July for Africa.
She is going to Johannesburg and is spending
an afternoon and a night in J. She is
very interested in getting to Hammarisdale
perhaps visiting Viella if possible. What is
your opinion of such a visit. Do you think
it's possible for my friend to reach
Hammarisdale, and to find Viella and do
you think that such a visit is a good
idea at all. If you have another idea of
what she shall use the time for, ~~or~~
helping us with our work, do write.

Best regards from

Britt Hernell
