My dear Phyllis, -

I am very concerned at not having heard from you for such a long time, especially as there is so much strife there, and political conditions almost everywhere are worsening, as foretold in the prophecies.

I have just finished typing a manuscript for Pastor François Gilson, ELLEN G WHITE--MESSENGER OF THE LAST DAYS (in French as he is Belgian/French but bi-lingual English) and I am now translating it into English hoping the Lord will send the means for publishing this remarkable work of 180 pages. I am all right thank God and hope to hear the same from you my dear. I send you my best warm wishes and love, and to all the famils & friends,

Edith
