My Dearest Phil

I thank you for your letter I'm sorry to keep you waiting any way I hope you all are keeping well by God's help. I hope your big girl will have a nice Birthday & God will guide her in all ^{her} life. I must say that's well. I did go & see her on Saturday & gave her a big kiss & told her it was from you & you should see how she gave a big smile & was so glad to hear about you. as I told her how nice of you to think about her & how you worry about her I must tell you the news about the death of Sanie only Daughter was a school I don't know if you heard about it I hear the Family is there it must be very sad for Sanie as most of Family is here what can one do when things like this comes to you just take it to God. I do hope God will be with her I know how she must feel keep busy with all your friends & take care of your self & don't work too hard. Blessing with Lot of Love.

yours,
