My dear Phyllis -

Thank you for your letter - ceilings documents  
very important for ~~our~~ ~~in~~ our work. Thank you for  
Nadine Gordimer's book, soap and your love to  
us!

Am sending to you posters - know how you love posters,  
most of the papers discussed at the Conference.

It was a great conference, how I wish you ~~would~~ <sup>could</sup>  
have been here - your presence would have enriched  
our discussions & resolutions.

We adopted appeals to the Women of USA,  
women of the world and to our own women

SA's aggression in Angola - aimed at retaining  
their illegal occupation of Namibia and  
destabilising Angola - setting up Sarrumbi - may  
lead the world to a third world war

O.R. made a great speech when he closed our Conference  
Sinthie did not come, so am returning your letter to her

Your letter to Mae will deliver to her. Letter to Hungary  
will be posted in London and letter to Shah in Cuba,  
handed to Blanche - I wanted Blanche to write a letter  
to you, but she became ill with malaria and is in pain

Shah is a good fellow studies well - these are her words to  
me. M.D. was recently there.

Hope to go to London for a few days to  
work in SACTU office and on the way a  
medical check up

with lots of love  
Wanda
