Dear Phyllis!

I wish you a good and successful new year. I was shocked when I heard about the attack and was worrying whether you are okay. I phoned to Maseru, we got a telegram from Jürgen and finally a letter where he told us that he is okay and that you are okay.

Please send us information to about the attack and what is going on. It would be the best to send it directly to Ingelborg.

I am mourning for the killed people of in Maseru, these new victims of apartheid, and I am ashamed that the government of our country supports apartheid.

Take care of yourself  
Much love

Georg
